

INSTALLATION INSTRUCTIONS

2020+ FORD SUPER DUTY DUAL FOG MOUNT KIT

PRODUCTS INCLUDE:

- (1) Driver Side Bracket
- (1) Passenger Side Bracket
- *Lights sold separately.

RECOMMENDED TOOLS:

- 13mm socket
- Clip Removable Tool
- Needle Nose Pliers

IMPORTANT

THANK YOU FOR PURCHASING RIGID INDUSTRIES' PRODUCTS FOR YOUR VEHICLE.

Please read through all of these Instructions and tips before proceeding with the installation. We do our best to provide a simple installation process for all applications however a professional installation is always recommended.

Always disconnect any power sources connected to your vehicle before servicing fuses or electrical systems.

STEP: 1

Remove the 4 lower clips on the lower air dam trim. Recommended to use clip removal tool.

STEP: 2

Then pry the trim pieces off as shown. There are 3 clips on the back side of each trim piece. Depressing them on the back side will ease the removal process.

These are the 3 clip locations.

RIGID[®] INSTALLATION INSTRUCTIONS

STEP: 3

Remove these covers on each end. From the inside of the bumper, squeeze the tabs shown to remove these covers.

STEP: 4

Remove the two tabs and the lip of material adjacent to them.

STEP: 5

Install the mounting brackets onto the light. For RDS E-Series, use the top and bottom mounting holes. For RDS SR-Series, use the top two mounting holes.

STEP: 6

With the brackets on the light, line up the brackets with the two slotted holes and install the supplied carriage bolts. Use a 13mm socket to tighten the nuts.

STEP: 7

Now install the modified covers on each end as shown.

Wiring: Wire your lights according to the instructions included with the light. Take care to avoid any heat sources and sharp or abrasive surfaces.

Your installation is now complete.
Welcome to the Rigid Nation!
