Universal Bed Rail Bed Rail Flag Pole Mount

1) ASSEMBLE

Remove your vehicle's rail cover and insert the 2 included T-Nuts to your desired position.

Decide how you'd like to orient the flag pole onto the mount by lining up holes either to the left, right, or centered.

Assemble the mount with the 2 25mm hex bolts, 4 washers, and nyloc nuts with a 19mm socket and wrench.

2) INSTALL

With the 2 35mm hex bolts and 2 washers, install the mount into the T-Nuts with a 19mm socket.

Install the flag into mount and secure it with the Wire Lock Pin.
